The Center for Leadership & Innovation’s Professional Certificate in Leadership & Management offers topical highlights from the University of Vermont’s core business curriculum. It is designed to provide you with a management “toolkit,” including the key concepts, vocabulary and analytical tools essential for effective management and strategic decision making. As a participant of the program you will:

- Refine your skills in the core key areas of Leadership & Strategy, Sales & Marketing, Finance, and Human Resources Management
- Develop and strengthen general business acumen and ability to lead cross-functional teams
- Enhance strategic thinking and decision making skills through the use of management tools and analytical frameworks
- Minimize time away from work and family through the condensed sequence of intensive seminars while maximizing your learning
- Demonstrate your commitment to attain a body of knowledge, and prepare yourself for advancement and increased responsibilities in your field
- Build your network of peers, beyond your own organization, to serve as a powerful extension of advisors and connectors

**GETTING THE MOST OUT OF YOUR EXPERIENCE**

The CLI Professional Certificate in Leadership and Management provides you a foundation of knowledge that you can put into immediate action in your organization. Additionally, the program offers you:
